Effective date: August 15, 2016

We at ezhome know you care about how your personal information is used and shared, and we take your privacy seriously. Please read the following to learn more about our Privacy Policy. **By using or accessing the Services in any manner, you acknowledge that you accept the practices and policies outlined in this Privacy Policy, and you hereby consent that we will collect, use, and share your information in the following ways.**

Remember that your use of ezhome's Services is at all times subject to the [Terms of Use](#), which incorporates this Privacy Policy. Any terms we use in this Policy without defining them have the definitions given to them in the [Terms of Use](#).

What does this Privacy Policy cover?

This Privacy Policy covers our treatment of personally identifiable information ("Personal Information") that we gather when you are accessing or using our Services, but not to the practices of companies we don't own or control, or people that we don't manage. We gather various types of Personal Information from our users, as explained in more detail below, and we use this Personal Information internally in connection with our Services, including to personalize, provide, and improve our services, to allow you to set up a user account and profile, to contact you and allow other users to contact you, to fulfill your requests for certain products and services, and to analyze how you use the Services. In certain cases, we may also share some Personal Information with third parties, but only as described below.

As noted in the [Terms of Use](#), we do not knowingly collect or solicit personal information from anyone under the age of 13. If you are under 13, please do not attempt to register for the Services or send any personal information about yourself to us. If we learn that we have collected personal information from a child under age 13, we will delete that information as quickly as possible. If you believe that a child under 13 may have provided us personal information, please contact us at help@ezhome.com.

Will ezhome ever change this Privacy Policy?

We're constantly trying to improve our Services, so we may need to change this Privacy Policy from time to time as well, but we will alert you to changes by placing a notice on the ezhome website, by sending you an email, and/or by some other means. Please note that if you've opted not to receive legal notice emails from us (or you haven't provided us with your email address), those legal notices will still govern your use of the Services, and you are still responsible for reading and understanding them. If you use the Services after any changes to the Privacy Policy have been posted, that means you agree to all of the changes. Use of information we collect now is subject to the Privacy Policy in effect at the time such information is used.

What Information does ezhome Collect?

Information You Provide to Us:

We receive and store any information you knowingly provide to us. For example, through the registration process and/or through your account settings, we may collect Personal Information such as your name, address, email address, phone number, and third-party account credentials

(for example, your log-in credentials for Facebook or other third party sites). Certain information may be required to register with us or to take advantage of some of our features.

We may communicate with you if you've provided us the means to do so. For example, if you've given us your email address, we may send you promotional email offers on behalf of other businesses, or email you about your use of the Services. Also, we may receive a confirmation when you open an email from us. This confirmation helps us make our communications with you more interesting and improve our services. If you do not want to receive communications from us, please indicate your preference by following the relevant "unsubscribe" link for that email.

Information Collected Automatically

Whenever you interact with our Services, we automatically receive and record information on our server logs from your browser or device, which may include your IP address, device identification, "cookie" information, the type of browser and/or device you're using to access our Services, and the page or feature you requested. "Cookies" are identifiers we transfer to your browser or device that allow us to recognize your browser or device and tell us how and when pages and features in our Services are visited and by how many people. You may be able to change the preferences on your browser or device to prevent or limit your device's acceptance of cookies, but this may prevent you from taking advantage of some of our features.

Our advertising partners may also transmit cookies to your browser or device, when you click on ads that appear on the Services. Also, if you click on a link to a third party website or service, a third party may also transmit cookies to you. Again, this Privacy Policy does not cover the use of cookies by any third parties, and we aren't responsible for their privacy policies and practices. Please be aware that cookies placed by third parties may continue to track your activities online even after you have left our Services, and those third parties may not honor "Do Not Track" requests you have set using your browser or device.

We may use this data to customize content for you that we think you might like, based on your usage patterns. We may also use it to improve the Services – for example, this data can tell us how often users use a particular feature of the Services, and we can use that knowledge to make the Services interesting to as many users as possible.

Information Collected From Other Websites and Do Not Track Policy

Through cookies we place on your browser or device, we may collect information about your online activity after you leave our Services. Just like any other usage information we collect, this information allows us to improve the Services and customize your online experience, and otherwise as described in this Privacy Policy. Your browser may offer you a "Do Not Track" option, which allows you to signal to operators of websites and web applications and services (including behavioral advertising services) that you do not wish such operators to track certain of your online activities over time and across different websites. Our Services do not support Do Not Track requests at this time, which means that we collect information about your online activity both while you are using the Services and after you leave our Services.

Will ezhome Share Any of the Personal Information it Receives?

Except as provided below, we do not rent or sell your Personal Information in personally identifiable form to anyone. We may share your Personal Information with third parties as described in this section:

Information that's no longer personally identifiable. We may anonymize your Personal Information so that you are not individually identified, and provide that information to our partners. We may also provide aggregate usage information to our partners, who may use such information to understand how often and in what ways people use our Services, so that they, too, can provide you with an optimal online experience. However, we never disclose aggregate usage information to a partner in a manner that would identify you personally, as an individual.

Affiliated Businesses: In certain situations, businesses or third party websites we're affiliated with may sell or provide products or services to you through or in connection with the Services (either alone or jointly with us). You can recognize when an affiliated business is associated with such a transaction or service, and we will share your Personal Information with that affiliated business only to the extent that it is related to such transaction or service. We have no control over the policies and practices of third party websites or businesses as to privacy or anything else, so if you choose to take part in any transaction or service relating to an affiliated website or business, please review all such business' or websites' policies.

Agents: We employ other companies and people to perform tasks on our behalf and need to share your information with them to provide products or services to you; for example, we may use a payment processing company to receive and process your credit card transactions for us. Unless we tell you differently, our agents do not have any right to use the Personal Information we share with them beyond what is necessary to assist us.

Business Transfers: We may choose to buy or sell assets, and may share and/or transfer customer information in connection with the evaluation of and entry into such transactions. Also, if we (or our assets) are acquired, or if we go out of business, enter bankruptcy, or go through some other change of control, Personal Information could be one of the assets transferred to or acquired by a third party.

Promotion of the Services: In order to promote the Services to potential customers, ezhome may share certain information you provide to us, such as your address, with third parties in promotional materials and communications.

Protection of ezhome and Others: We reserve the right to access, read, preserve, and disclose any information that we reasonably believe is necessary to comply with law or court order; enforce or apply our [Terms of Use](#) and other agreements; or protect the rights, property, or safety of ezhome, our employees, our users, or others.

If you are a California resident and would like a copy of this notice, please submit a written request to: help@ezhome.com.

You can always opt not to disclose information to us, but keep in mind some information may be needed to register with us or to be a customer of our services.

You may be able to add, update, or delete information as explained above. When you update information, however, we may maintain a copy of the unrevised information in our records. You may request deletion of your account by emailing help@ezhome.com. Please be aware that this means you will no longer be our customer.
